INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc publishers of Southeastern Directories (publishers of Forest City, Rutherfordton and Spindale since 1958) present to subscribers and the general public, this, the 1960 edition of the Forest City, Rutherfordton and Spindale City Directory, which also includes Alexander Mills, N. C., Ruth, N. C., and Rural Route Residents.

Confidence in the growth of Forest City, Rutherfordton and Spindale's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting these communities to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Forest City, Rutherfordton and Spindale Directory will fulfill its mission as a source of authentic information pertaining to the communities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of Forest City, Rutherfordton and Spindale, arranged in alphabetical order under appropriate headings — a catalog of all the activities of Forest City, Rutherfordton and Spindale. Preceeding this catalog, likewise grouped under appropriate headings are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In progressive communities like Forest City, Rutherfordton and Spindale the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Forest City, Rutherfordton, Spindale, Alexander Mills, N. C., Ruth, N. C. and Rural Routes Residents and the name, official personnel, nature and address of each firm and corporation in the communities.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the communities, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Forest City, Rutherfordton, Spindale and vicinity.

The Forest City, Rutherfordton and Spindale Out-of-Town City Directory Library

Through the courtesy of the publishers of the Forest City, Rutherfordton and Spindale City Directory, directory libraries are maintained in the offices of the Forest City Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

FOREST CITY

WHERE MAN AND NATURE COMBINE TO FORM ONE OF "THE MOST BEAUTIFUL CITIES"

(Courtesy of Forest City Chamber of Commerce)

General Review

CHARTERED—Forest City was first chartered as Burnt Chimney and ratified the 27th day of February A. D. 1877. On March 7, 1887 the General Assembly amended the Charter and the name was changed to Forest City. Forest City has the Mayor-Council form of government.

LOCATION—Forest City is situated in the Southwestern Piedmont section of North Carolina, 55 miles Southeast of Asheville, N. C. and 63 miles Northwest of Charlotte, N. C. Situated at the foot of the Blue Ridge and Black Mountains, thus the City is protected from the extreme temperature of the winter and summer by the mountain peaks, that rise thousands of feet in height. Forest City enjoys a year-round climate that is unexcelled anywhere with mild winter and summer seasons providing adequate rainfall and an average temperature of 60.0 degrees. The mountain breezes from the Northwest provide Forest City with cool summer nights.

AREA—4.2 square miles.

ALTITUDE—860 feet above sea level.

PARKS—2, with total acreage of 49.

POPULATION—United States census 1950 gave Forest City a population of 4,971. The 1958 estimated population is 6,500.

ASSESSED VALUATION—City $5,730,000. County $44,294,511.

TAX RATE—City Rate .70 cents per $100.00; County Rate $1.50 per $100.00. Rutherford County has completed a property tax revaluation program, which will offer an attractive county tax rate and also provide a sound system for future valuation and a sound county government.

BONDED INDEBTEDNESS—City, $552,000.

BANKS—Two State Banks and one Building and Loan Association.

POSTAL RECEIPTS—$58,384.21 (1957).

RADIO STATION—Radio Station WBBO is locally owned and operating on 1,000 watts day and 1,500 watts night. This station is an independent station. WAGY came on Air Oct. 15, 1958. 500 watt station

NEWSPAPER—Forest City Courier. Bi-weekly, with paid circulation of 4,200.

MOTEL—1 with 31 rooms.

TELEPHONE AND TELEGRAPH—Telephone service by Southern Bell Telephone and Telegraph Co. Telegraph service by Western Union. 1,682 telephones in service.

CHURCHES—8 white, 3 Colored, representing six denominations.

SCHOOLS—Forest City has a nine months school term and twelve grades with a high school and elementary school for the white children and an elementary school for the colored.

RUTHERFORD COUNTY LIBRARY—Forest City Library is a branch of the Rutherford County Library which was established in 1926. The Rutherford County Library has four branch-

Town Square

es and a bookmobile with a book collection of 32,000 volumes of which 7,500 are located in the Forest City Library. The Forest City Library is located above the City Hall and has adequate facilities.

AIRPORTS—Forest City has no air line facilities but is located only a 1-hour drive from the Douglas Airport in Charlotte, 30-minute drive to Spartanburg, and one hour drive to the Asheville Airport, all which provide excellent service.

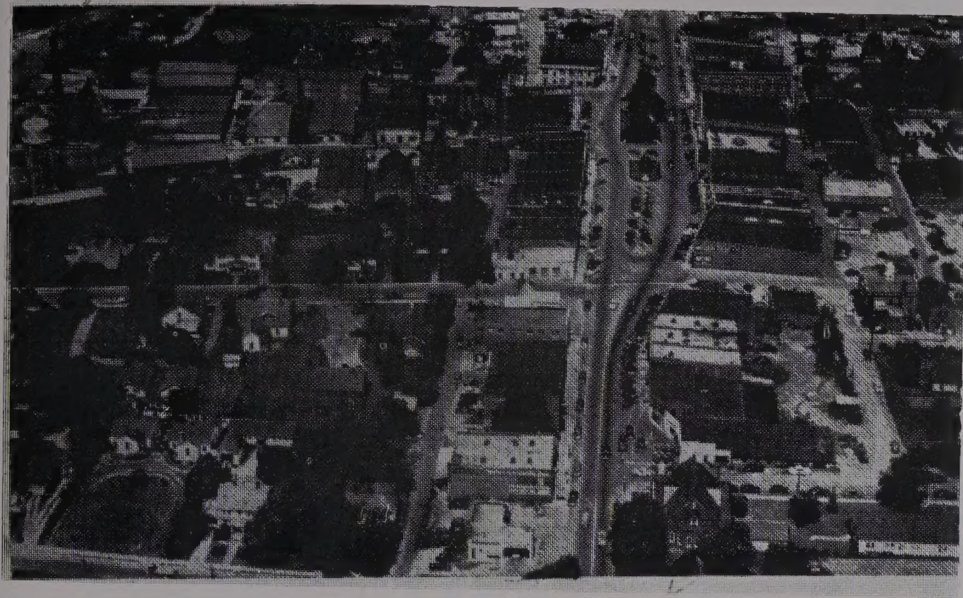
POWER—The Town of Forest City buys its power from the Duke Power Co. for its residents. The Duke Power Company and Rutherford Electric Membership Corporation serves the remaining area of Rutherford County.

NATURAL GAS—Natural Gas is available in Forest City through the Public Service Company of North Carolina.

TRANSPORTATION—Forest City is served daily by three railroads, Southern Railway, Clinchfield Railroad, and Seaboard Air Lines Railway, providing fast and economical freight service to all points. Approximately twenty motor express companies provide quick, dependable through freight and pick-up service. The Queen City Coach Company and Carolina Scenic Bus Lines operates a number of buses daily. Local transportation is provided by the Rutherford County Transit Co. and a number of taxi companies.

WATER SUPPLY—Forest City draws its water supply from the mountain streams and Second Broad River and has unlimited source of high grade water. A new purification plant was built in 1951 at a cost of $600,000 and has a capacity of over two million gallons daily and can easily be converted to a four million gallon daily supply.

LABOR SUPPLY—The labor surplus in Forest City and Rutherford County is abundant and easily adaptable to different trade and skills.



Aerial View of Forest City

MARKETS—Forest City is located in a low-living cost and low-production cost region and within striking distance of the main harbors, ports and large consumer markets.

TRADE AND COMMERCE—The 1957 census of the North Carolina Employment Security Commission shows a population of 65,000 within a twenty mile radius of the business district of Forest City. Over 90 percent of this population is native white which offers an unusual opportunity for the retail and wholesale merchants.

INDUSTRY—Industry located in Forest City and Rutherford County is principally textile but other important types are: agriculture, dairies, meat packing and processing, lumber and building materials, dyeing and finishing plants, etc.

RECREATION—Forest City has a summer recreation program which includes baseball, softball, tennis, two swimming pools, athletic fields and 9 hole golf course, which with our climate affords year-round recreational opportunities.

CITY STATISTICS—Total street mileage 30.84, with 14.37 miles paved and 4.89 miles under construction. Miles of gas mains 12(est.); sewers (storm and sanitary) 12 (est.). Number of water meters 2,000; light meters 2,250; gas meters 300 (est.). Capacity of water works (municipal) 2,000,000 gallons, with daily average pumpage of 750,000 gallons, 25 miles of mains, and plant valued at $600,000. Fire department has 4 paid men, with 1 station and 2 pieces of motor equipment. Value of fire department real estate and equipment, $45,000. Police department has 13 men, with 1 station and 3 pieces of motor equipment.

CHAMBER OF COMMERCE—An organization designed to promote the interests of Forest City and the Rutherford County area, and to safeguard present opportunities and assets, but is ever on the alert to attract and assist new industry desiring to locate in this area.

Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

THE CITY DIRECTORY

represents the city and its institutions in every corner of these United States.

This Publication Is The Product of a Member of

ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS
PRO BONO PUBLICO
ORGANIZED 1898

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them, to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section"* or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. **Good Advertising** — aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is **up** among regular subscribers.

WHY A YELLOW PAGE SECTION?

★It is customary to include a Yellow Page Section in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★

The Yellow Page Section is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L)

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M.)

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

Out of Sight - Out of Mind
✶ Out of Business ✶

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1960

Including Alexander Mills, N. C., and Ruth, N. C.

Copyright, 1960, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Out of Sight - Out of Mind
✶ Out of Business ✶

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

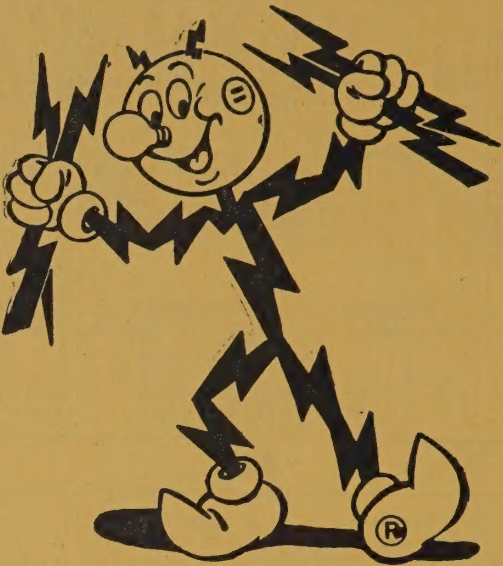
"A Real Necessity in Every Office"—The City Directory



READY TO SERVE YOU

To keep electric service ready for every need in factory and office, in the home and on the farm, Duke Power Company always has plenty of kilowatt hours available! Just as our past expansion has reflected growth in the Piedmont Carolinas, so our long-range planning assures good service for the years ahead.
